Blinn College EMS Paramedic Program (Spring Application)

The Paramedic Program will begin every spring semester and will finish with an internship in the fall (January to December). We are excited that you have shown an interest in becoming a paramedic, as it is one of the most dynamic and exciting careers in the world. Paramedic training and education is a challenging commitment and applicants are encouraged to visit the EMS Program webpage at www.blinn.edu/emergency-medical-services. For more information regarding our classes, please contact the EMS Program Assistant, Mally R. Hance, at 979-691-2130 or mally.hance@blinn.edu.

Please Note: A class of 10 students must be met for the spring program to take place.

Admission into the Paramedic Program is a competitive entry process to include, but not limited to, submission of a complete application and an oral interview. Regardless of your EMS employment status, affiliation with a clinical agency, or your current certification level, you must complete the application in its entirety. You must submit a separate application to each entity. The Program Admissions Committee will consider criteria such as letters of recommendation, EMS work experience, academic scores, etc. to determine spring acceptance. A complete list of criteria to be considered for entry is enclosed within this packet.

PLEASE NOTE: Partial or incomplete applications <u>will not</u> be considered for admission to the Spring Paramedic Program. Your application file must be complete.

Please turn in your application and all required documents by mail, email or deliver directly to the Blinn College EMS Office.
